WIFE SLAYER LOSES LAST APPEAL; TO HANG TODAY

U. S. Supreme Court Refuses To Stay Noose

WASHINGTON, Dec. 6.—(U.P.)—John Joseph Malone, who killed his wife in Los Angeles, tonight lost his attempt to postpone his execution Friday through a United States supreme court appeal.

His attorney, Ernest Spagnoli, was denied a stay of execution by Associate Justice Sutherland after a night hearing of the case at the justice's home. The appeal was based on an attack on the validity of the California insanity law, the same ground used by William Edward Hickman in his unsuccessful appeal last fall.

Spagnoli visited the home of Justice Holmes who also refused a stay to the condemned man. He then attempted to communicate with Justice Brandeis but failed. After dispatching a telegram to the governor of California requesting a 30 day reprieve for Malone, Spagnoli said he would communicate with the warden of San Quentin prison, asking the execution to be deferred tomorrow to as late an hour as possible.

SAN QUENTIN, Dec. 6.—(U.P.)—Sullen but calm, John Joseph Malone, 27, sat in the death chamber of this prison tonight and prepared for the march to the gallows Friday morning to pay for murdering his estranged wife in a Los Angeles drug store one year ago.

The condemned man had not heard late tonight that his final appeal to the United States supreme court had been denied, but he said he was ready for the execution.

His guards said he seemed to be proud that he had withstood from them all information concerning his attempted break of four murderers sentenced to be hanged and two robbers last week. He was placed in the death chamber immediately after the plot was learned by prison officials.

Princess, Paris Dance Sensation

BEAUTIFUL Princess Leila Beder Khan, granddaughter of the great Beder Khan, who was the Emir of Kurdistan, as she appeared in one of her Turko-Persian dances in Paris.

SENATE WAR ON PACT SEEN

WASHINGTON, Dec. 6.—(U.P.)—Senate opposition to the Kellogg anti-war treaty has developed to the state where a sharp fight is forecast.

Whether this will endanger the ratification of the treaty is yet uncertain. All that can be said now is that the opposition is increasing rather than diminishing.

Much will depend upon how successful Secretary of State Kellogg is in defending his treaty when he is questioned before the senate foreign relations committee Friday.

REED BATTLES

He will come face to face in the committee with one of his opponents in the League of Nations fight ten years ago, Senator James A. Reed of Missouri. This senator, however, who is retiring from the senate of his own volition March 4, is now about to make his last fight of his belated career. He was one of the few democrats who dared to oppose Woodrow Wilson during the war and in The Hague fight. He fought the world court and now he is about to make his last fight against the anti-war treaty which he believes is a device to draw the United States more closely into European affairs.

The drama of Jim Reed's last stand is heightened by the fact that Secretary of State Kellogg, whom he now challenges, was one of his opponents in the league fight. Kellogg at that time being a republican senator from Minnesota and leader of the "mild reservation" group which favored going into the league with the weakest reservations which could be gotten through the senate.

NEBULOUS SUPPORT

His support is somewhat nebulous as yet. There are suggestions that several republicans will help him, some openly and some by inclination. Several democrats are critical toward the treaty, but undecided whether to vote against it. Among these is Bruce of Maryland.

"I consider the treaty utter insanity," Bruce said today. "It is no more than a scrap of paper and is without any sanctions or any machinery for making itself effective. You cannot abolish war just by depending on the benevolence of nations and there is the (Continued on Page 6)

Child's Santa Money Taken By Burglar

Richmond lays claim to the world's meanest thief.

For months a child in the Olney home at 1106 Roosevelt avenue had been putting each hard earned nickel and dime in a child's bank on the mantle. Dreams were had of how this money could be used for Christmas presents for members of the family.

Week after week the total in the bank rose until it reached \$20. This was enough to make the folks happy on Christmas.

Wednesday night the family left their home for a few hours. When they returned the rear window was open. A hurried search was made through the house. Nothing seemed to be taken.

And then a childish wail. The bank was gone with it the hard earned coins. The meanest thief may enjoy his Christmas with the results of his plundering.

CONDITION OF KING GEORGE 'BETTER'

LONDON, Dec. 6.—(U.P.)—King George's condition continued to show improvement tonight.

The localization of the infection at the base of his right lung was more defined, according to an official bulletin issued by four physicians. Progress of the fight to restrict spread of the infection was considered the best feature of today's rather more cheerful reports.

The official bulletin said: "The king's general condition remains the same as that reported in the morning's bulletin. Localization of the infection at the base of the right side of his chest is rather more defined, which conforms to the progress of the illness in the last two days."

Assigned: Stanley Hewitt, Humphrey Rolleston, Dawson of Penn.

STILL SERIOUS

The Daily Express tonight quoted an eminent medical authority as saying: "The king's condition still is sufficiently serious to cause anxiety. What now is feared is the formation of abscess following the discharge of puss from the infected area."

But there was a general atmosphere of hopefulness at Buckingham Palace and in the crowd which waited outside the gates for news of the king's condition. A quiet way and the reassuring bulletins had lessened the anxiety of the entire city.

An authorized analysis of the king's illness published in the British medical journal Lancet today revealed, however, that (Continued on Page 6)

25 Survivors Rescued After Sea Collision

SANTIAGO, Chile, Dec. 6.—(U.P.)—The ministry of marine was advised tonight that the steamship Quintero sunk after a collision with the steamship America today off Point Patache near Iquique.

Three persons were known to be dead and fifteen were missing. The Quintero carried a crew of 39 and was of 600 tons. It was built in 1860 and was formerly known as the Crocillo.

The America, after the collision, proceeded to Iquique. The extent of damage to this vessel was not known.

Both ships were engaged in coastwise trade.

The America brought 25 survivors from the Quintero to port. Three bodies also were on board the vessel.

2 Cars Per Minute Tested By Police

Richmond and El Cerrito traffic officers last night tested two cars a minute during light tests conducted at the intersection of Cutting boulevard and San Pablo avenue.

During a two hour period the police stopped 350 motorists. Of this number 103 were tagged for defective lights; nine for one light; 11 for no tail light and two for driving with illegal lenses.

Chief of Police R. R. Cheek of El Cerrito and Traffic Officer Eddie Baker of Richmond were in charge of the tests.

Oakland Woman In Air Record Attempt

OAKLAND, Dec. 6.—(U.P.)—Association attempt to break the world's altitude record for women, held by Lady Heath of England, will be made here tomorrow by Mrs. Louise McKetric Phaden, it was announced tonight by Leo Nagle, president of the Oakland chapter of the national aeronautical association.

Mrs. Phaden must pilot her plane nearly five miles above the earth to be successful as the existing record is 24,700 feet. She will use a Travelair biplane, equipped with a supercharger, starting about 10:30 in the morning and landing about 2 p. m.

Shortridge Aids In Straits Span Fight

Senator Samuel Shortridge has introduced a bill in the senate asking that the secretary of war be authorized to grant the Southern Pacific railroad a right of way across the Benicia arsenal property, according to advice received from Washington yesterday.

The bill was introduced by Senator Shortridge in the senate as a companion bill to a similar one introduced in the house Wednesday by Congressman Charles Curry.

The Southern Pacific company is seeking a right of way through the arsenal military reservation for an approach to the proposed \$12,000,000 bridge from Martinez to Benicia.

Introduction of the company bill to the senate will speed action on the matter, it is declared. It was explained with the introduction of the bill to the House that the secretary of war lacks proper authority to grant a permanent right of way through the property.

The granting of the right of way asked by the railroad company will clear an obstacle that was not foreseen when plans for the bridge were prepared and was encountered only after the war department had given its sanction for the construction of the span.

Richmond Group At Nevada Road Meet

Benefits to be derived by northern California in the construction of a highway through Nevada were explained to the members of the East Bay Regional Plan association in the Hotel Oakland, George Peltier, president of the Sacramento chamber of commerce, was the speaker of the evening.

Peltier explained the plans of the Route 40 club, organized to assist Nevada financially to construct the highway. Nevada, according to Peltier, is unable to build highways even with government aid. The club plans to conduct a campaign in clubs of northern California. Funds secured from membership in the organization will be devoted toward the building of the route which will bring tourists into northern California.

At present the highway is in a deplorable state, Peltier said, and motorists are taking the Los Angeles route into California. He presented figures which showed that while 78,000 cars traveled the route from Salt Lake City to Los Angeles only 4012 machines entered California via the Donner Lake route last year.

Richmond members attending the meeting were P. M. Sanford, president, E. B. Bull, vice president, and Mrs. Helen Kingsbury, secretary of the chamber of commerce.

San Pablo Chamber Names 3 Directors

Clare Tyler, Frank Weber and E. A. Palmer were reelected directors of the San Pablo chamber of commerce last night. Officers of the organization will be selected by the directors at the next meeting to be held Jan. 3.

E. H. Woodfield, secretary, delivered the annual report of the work accomplished during the last year. P. R. Solto, treasurer, presented the financial report.

The organization went on record as endorsing the plan of the Route 40 club, which proposes to aid Nevada construct a highway through that state for the benefit of motorists coming into northern California.

Woodfield was reelected delegate to Contra Costa associated the county chamber of commerce. Plans for the coming year were discussed and will be outlined at an early meeting. M. G. Molton, president, presided over the meeting.

Girl Scout Home Plans Discussed

Plans for a Girl Scout's club building to be constructed here were discussed by the members of the Richmond Girl Scouts' council last night in the Lincoln school.

Plans for the building will be drawn up by a local architect within a few weeks, it is expected. The final plans for the building are expected to be discussed at the next session of the council.

Mrs. L. W. Wuesthoff presided over last night's session.

Richmond Kiwanis To Honor Gridders

The Richmond Kiwanis club will entertain members of the Richmond high school football squad Wednesday afternoon at the Hotel Carquinez. Each year the Kiwanis club honors the Richmond team at a luncheon meeting. This year a special program has been arranged.

"Nibs" Price, grid man at the University of California has been invited to address the meeting and it is understood that he has accepted the invitation.

Theodore Madison, dean of boys at the high school, is president of the Kiwanis club.

Four Drowned When Florida Ship Sinks

JACKSONVILLE, Fla., Dec. 6.—(U.P.)—Edward Saitover, Jacksonville, was reported here tonight to be the only known survivor of the crew of five of the yacht Aero, which sank three miles northeast of Melbourne.

Saitover, rescued by a fishing boat, had been floating in the sea from 6 p. m. Wednesday, when the boat sank, until dawn. He said the others attempted to swim ashore.

They are: William Sutton, William Reynolds, John Knox and Les Roy, all of Jacksonville.

FELLOWSHIP SEES FILMS

Wilbur S. Tupper, of the Panama Mail Steamship company last night told members of the Richmond Christian church of Central and South America. Tupper showed motion pictures of views in the southland. Some of the views were those of the cities now being visited by Hoover on his tour through the south.

The big hit of the program was the songs by Gypsy and Maria, two talented singers from Radio KFO. Time after time the two were forced to answer encores.

Their "Sitting-up Exercise" song was presented by special request and a number of prominent business men joined the "class." The two girls gave them instructions in the daily dozen.

The singers have appeared in Richmond before and have met with much success. Although they are better known to the fans of the air, they possess charming stage personalities that add to the charm of their voices.

Tupper showed views of the Panama Canal and explained the working of the huge locks that send ships from the Atlantic to the Pacific oceans. Pictures of Central America and sections of the northern section of South America were also shown.

The dinner was served to the 200 guests by the members of the Keystone Christian Endeavor Society. Mrs. J. Morehouse had charge of the dining room service and Mrs. L. E. Jones was in charge of the kitchen. L. A. Widner was chairman of the committee in charge.

Clark C. Kratzer, president of the group, presided over the session.

The Community Methodist church will be the scene of the next session on Jan. 3.

TROOPS ON MOVE TO SUPPRESS RIOTING COLOMBIAN STRIKERS

BOGOTA, Colombia, Dec. 6.—(U.P.)—Federal soldiers were on the march tonight to enforce a state of siege in the Santa Marta district of the department of Magdalena, where 30,000 striking plantation workers have indulged in bloody riots.

Minister of War Rengifo announced today that eight strikers had been killed and 20 wounded when a mob of them attacked soldiers Wednesday night. What has happened since then is not known but further bloodshed is feared.

An earlier dispatch told of a clash between strikers and a patrol of 23 soldiers in which one man was killed and several wounded.

Another dispatch said that the strikers were attacking employees of the United Fruit company, an American concern which has about 9000 workers involved.

The government declared martial law in the area, and appointed a civil and military governor, after investigation had led to the belief that the strike was a "subversive movement," in which communistic elements were participating.

General Carlos Corest Yargas, the newly appointed governor, is in charge of the situation. It arose from a dispute between employers and workers over the question of compulsory insurance. The government tried vainly to mediate.

As the troops moved forward towards the area tonight, the government regarded the situation as grave.

THURSDAY IN U. S. CONGRESS

SENATE:
Debated Boulder dam legislation.
Commerce Committee met on minor bills.
HOUSE:
Debated Treasury and Post Office appropriation bill.
Agricultural Committee met but failed to agree on farm relief.

Southern Pacific Seeks Ground For Bridge Trackage

MATINEZ, Dec. 6.—The Southern Pacific railroad is seeking additional land for trackage to the proposed \$12,000,000 bridge to be constructed from here to Benicia. An ordinance proposing to grant the railroad company a strip 10 feet wide and 700 feet in length was introduced at the last meeting of the city council. The strip extends from the east side of Pine street to the east side of Perry street.

A similar ordinance granting the railroad company a section of waterfront land from the east side of Pine street, extended to the end of the city fill adjoining the Shell company's property, was adopted some time ago. The additional property sought by the railroad company will be large enough for the laying of another track that will directly connect with the bridge approach.

JURY TO DECIDE AUTO CRASH MIXUP

MARTINEZ, Dec. 6.—Whether a plaintiff in an automobile collision injury suit can recover damages for his hurt in a machine in which he pays a "commuter's fare" will be decided by a jury in the court of Superior Judge A. B. McKenzie.

C. N. Hoover, of Vallejo, has brought suit for \$35,560 damages against the Santa Fe railroad and two of its employees and Eugene Dannenbaum of Vallejo. Hoover states that he was a passenger in Dannenbaum's car when it was struck at the Portland avenue crossing on Dec. 11. He alleges negligence of Dannenbaum and the railroad.

Dannenbaum in his testimony declared that Hoover contributed monthly to liability insurance in the car, thereby throwing a possible "joint enterprise" liability into the case.

Hoover, according to Dannenbaum, had been riding to work in Oakland with him daily for a monthly rate of \$5. He stated that he mentioned some time previous to the accident that he would be responsible. The insurance plan was proposed and Hoover contributed \$20. Later when the insurance was transferred to another machine purchased by Dannenbaum, Hoover's fare was increased to \$6.25, leaving the inference that the additional \$1.25 was for insurance.

Attorneys for the railroad company contend that the agreement constitutes a "joint enterprise" and

Campfire Girls Banquet To Be Held Tomorrow

Miss Annette Francisco, of New York, national field executive, will be the principal speaker at a Campfire Girls' banquet meeting at the Hotel Carquinez tomorrow night. Public spirited citizens and those interested in Campfire Girls' work here have been invited to attend. Mrs. Dorothy Miller, chairman of the local Guardians' association, is in charge of the dinner.

Miss Francisco, who is director of Campfire Girls' work in California, Nevada, and Utah, will tell of the work.

The Richmond organization has a membership of about 75. It is planned to increase this membership.

Local guardians include Miss Selma Douglass, Miss Wagner, Mrs. Phyllis Adams, Miss Maude Wood, Mrs. Elizabeth Sutherland, Mrs. Dorothy Miller, Miss Julia Hutchings and Mrs. Dorothy Miller.

Roosevelt Pupils Visit Auto Plant

Roy R. Huffman, of the Roosevelt Junior High school took more than a score of members of the industrial training classes of the school to the Durant car factory in Oakland where they were shown through the plant.

that any negligence on the part of Dannenbaum would be imputed to be negligence on the part of Hoover. The insurance company claims that the policy was voided prior to the accident. Claim is also made that Hoover had no insurable interest in Dannenbaum's car.

WEST OPPOSED AS INTERIOR SECRETARY

WASHINGTON, Dec. 6.—(AP)—Opposition to confirmation of the appointment of Roy O. West of Illinois as secretary of interior appeared in the senate when the name was forwarded by President Coolidge today.

Several senators expressed a determination to hold open hearings at which West would be questioned regarding utilities connections which might make him a prejudiced party in passing upon power questions which come before the secretary of interior who is ex-officio chairman of the Federal power commission.

The nomination went to the public lands committee of the senate and Chairman Nye called a meeting for Saturday to consider procedure. Senator Thomas J. Walsh of Montana, who conducted the Teapot Dome investigation for the committee, said today he desired to ask West whether he took prompt action concerning the Salt Creek lease to Harry F. Sinclair which was recently ordered cancelled by the attorney general.

Immediately after this decision was announced West ordered the lease cancelled. It was renewed. Work. The attorney general's opinion is understood to have been prepared some time previously and to have been made public only after its existence became known, almost at the end of the recent presidential campaign. Walsh wishes to know whether West knew of this decision before its publication was forced by Senator Walsh and if so, whether he took any steps to cancel the lease immediately.

Crockett Girl's Death Held Due To Meningitis

MARTINEZ, Dec. 6.—An uncontagious type of meningitis caused the death of Mable Prytz, 17, pupil of the John Sweet high school in Crockett, in the opinion of physicians. While this belief is held a test of the spinal fluid is being made at the University of California, according to Dr. I. O. Church, county health officer.

The girl died after an illness of one day. A preliminary report from the university indicated that the disease was an uncontagious form of meningitis, confirming the diagnosis of Dr. F. L. Horne, attending physician. Dr. Horne expressed the belief that lung congestion from influenza was a contributing factor.

Dr. Church stated that other

St. James Howard Resignation Seen

LONDON, Dec. 6.—(AP)—The Daily Express said tonight that it was understood St. James Howard is likely to resign before Herbert Hoover is inaugurated.

St. James feels that a young man should fill his post as British ambassador to Washington, the newspaper said.

Funeral services for Miss Prytz will be held from the Congregational church in Crockett tomorrow afternoon at 1:30 o'clock. She is survived by her parents, Mr. and Mrs. Oscar Prytz; a grandmother, Mrs. Katherine Prytz, and two uncles, George and Edwin Prytz.

TURKEY SHOOT—San Pablo Air port—Dec. 16.

Martinez Plans Park Purchase

MARTINEZ, Dec. 6.—The city of Martinez last night completed final plans for the acquisition of the Masonic lodge property, to be developed as a park by the payment of \$17,514.21, the purchase price, to the lodge.

Located in the center of the city, the property will be ideal for park purposes. Plans for the development of the property will be started. By the terms of the purchase agreement, the lodge is accorded the use of the hall on the property for one year; at the end of which the building must be removed. The lodge is considering the purchase of another site on which to erect a new building.

The property will be ideal for park purposes. Plans for the development of the property will be started. By the terms of the purchase agreement, the lodge is accorded the use of the hall on the property for one year; at the end of which the building must be removed. RECORD HERALD

Pittsburg Host To School Heads

MARTINEZ, Dec. 6.—Principals of Contra Costa county schools yesterday were taken on a tour of inspection of the Columbia, Steel Mills and Pioneers Rubber mills at Pittsburg. They were shown intimate glimpses of great industries in action.

The tour was followed by a dinner in the Hotel Los Medanos. In the evening the principal address was delivered by A. H. Jongeneel, superintendent of the Redwood Manufacturers plant. Fred S. Mamsdell, city superintendent of Pittsburg schools, was another speaker on the program. He told of school work in that city.

The principals will meet Jan. 10 at the Mt. Diablo high school in Concord.

Father, Daughter Overcome By Gas

OAKLAND, Dec. 6.—(AP)—Arthur Salesberry, 42, and his daughter 11 years old, were overcome by gas flames in their apartment here today.

Society Events

New Officers
Selected By
War Mothers

Nomination and election of officers was held yesterday afternoon when the Richmond chapter of War Mothers met in the Memorial hall.

Mrs. Lucille Redding was elected president; Mrs. Ella Curney, first vice president; Mrs. Jane Kirkwood, second vice; Mrs. Jane Hopkins, third vice; Mrs. Hilma Wicks, fourth vice; Mrs. Sarah Plimford, secretary; Mrs. Anna Jarvis, treasurer; Mrs. Anna Keaton, auditor; Mrs. Amelia Brunner, custodian of records; Mrs. Mary Morrison, historian and Mrs. Isabelle Nesbitt, chaplain.

Mrs. Redding and Mrs. Nesbitt are both star mothers. Mrs. Keaton has served as president of the group for the past two and a half years, since the death of Mrs. Charles Donnelly.

Plans are being formulated for a Christmas party to be held Dec. 13 at the club rooms in the Memorial hall. The party will be in honor of Mrs. Cora B. Cox, state president of the organization, who will make her official visit.

A covered dish luncheon will be served and a merry time is planned for a fitting close to the year's work of the War Mothers.

Everything is in readiness for a turkey whist at Redmen's hall, Tuesday, Dec. 11. Muri Jones will be in charge. The Onetah tribe of Redmen have donated the hall for the party.

Plans are going on for the Christmas boxes to be filled for veterans at the government hospital. Mrs. Jarvis is head of the hospital committee.

Mrs. Anna Jarvis presided yesterday. She presides for the last time over the session on Dec. 29 in the Memorial hall.

TAHOE COUNCIL FETED AT HOME OF MRS. GOODWIN

Members of the Tahoe Council, degrees of Pochontas, were entertained last night at the home of Mr. and Mrs. George Goodwin in Oakland.

A large number of the local organization made the trip. A social evening was enjoyed and all were played.

Among those present were Mr. Wheeler Green, Mr. and Mrs. Mike Pretes, and children; Mrs. D. Boucheris, Mr. and Mrs. Joe Felcano, Mrs. Anita Brown, Miss Louise Gillian, Mrs. Edna Sousa, Arthur Lang, Fred Meyers and Joe McGilton.

Next week the group will meet at the home of Miss Louise Gillian on Seventh street.

Nat Club To Plan Christmas Party

Plans for a Christmas party will be arranged by the members of the Nat club at a session to be held at the home of Mrs. Bertha Haglund, 550 Sixth street today. All members have been urged to attend.

Missouri Club To Meet Today

Officers will be named by the Missouri club when it meets today at the home of Mrs. Dora McAllister, 320 Twenty-ninth street. The session will start at 2:30 o'clock.

Radio will be used to combat the forest fires in France, according to word received by the Fanned Automobile Club.

SHOOT—San Pablo Air-Station, Dec. 16.

TRINITY GUILD
BAZAAR CLOSED
AT DINNER FETE

A successful bazaar and food sale was conducted yesterday by the Trinity Lutheran Guild. The event closed with a big dinner last night in the guild hall.

The committees in charge of the various booths were as follows: Mrs. L. Davis, Mrs. Charles Troy and Mrs. W. Lucas, fancy work booth; Mrs. Anna McCabe, Mrs. W. McCracken, food booth; Mrs. Milton Terry and Mrs. Rose Rosler, candy booth; Mrs. Mary Willson, grab bag; Mrs. John Hendricks, mystery booth, and Mrs. M. A. Janke, chairman of the committee in charge of the dinner.

TWELVE-THIRTY
CLUB ENJOYS
SOCIAL MEET

The Twelve-thirty club enjoyed a luncheon and social session yesterday afternoon at the St. Edmund's Guild hall under the direction of Mrs. Nina Vickery.

The group will hold election of officers Jan. 3 at the guild hall, it is planned.

Mrs. Catherine Miller, Mrs. Etta Mae Reynolds and Mrs. Vickery were in charge of the social yesterday.

HARRY SEATON
NAMED HEAD OF
MCKINLEY LODGE

McKinley lodge of Masons last night elected H. W. Seaton worshipful master to head the organization for the coming year. Elections were held in Masonic Hall and other officers chosen were A. O. Curtis senior warden; T. G. Gray, junior warden; W. T. Holmes, secretary; A. D. Jones, treasurer and Isaac Lester, trustee.

Installation will be held Dec. 20 and will be open to all Masons and Eastern Star members. The event will be preceded by a turkey dinner at 6:30 o'clock. A. C. Rogers presided over the stated business meeting last night.

El Cerrito Fire
Department In
Plans For Whist

Members of the El Cerrito Volunteer Fire department are making arrangements for their second benefit turkey whist party to be held Dec. 22 in the Fairmont school. Live turkeys will be given at every fourth table. The committee in charge includes Ed Smith, Ed Dees, Casey Calfin, Chief A. H. Byrd, Al Baxter and Gus Criss.

Mitrmar Chapter
To Hold Annual
Banquet Tonight

Members of the Mitrmar chapter, Order of the Eastern Star, will enjoy the annual dinner of the group tonight at the Masonic hall. There will be no program for the event, numbers having been dispensed with out of respect to the memory of Louis Garfinkle, the worthy patron who died several weeks ago.

Contra Costa
Temple To Meet
At Grice Home

Mrs. Maude Grice will entertain members of the Contra Costa temple, Pythian Sisters at her home, 231 South Twelfth street today. The afternoon will be devoted to filling bags for the annual Christmas party to be held by the group in conjunction with the Knights of Pythias Dec. 19.

Giant P. T. A. To
Hold Meet Today

The Giant P.T.A. will hold its business meeting today at the school. Plans will be made for a Christmas party to be held Dec. 14. Mrs. L. S. Lawton will preside.

Opera Discussed
By Music Club Here

The Richmond Music club held its weekly rehearsal yesterday afternoon at the club studios. An opera to be held in the spring, was discussed at the session.

Yule Party

The committee to represent the Richmond lodge of Moose in making arrangements for the annual Christmas party was appointed last night in Moose hall. The event will be held Dec. 20 and will be held jointly with the Richmond chapter of the Mooseheart Legion. The committee to represent the lodge is composed of Ed Ridley, Dr. L. H. Fraser and A. G. O'Loan.

Ridley, P. F. Barry, F. Gallaher and Ed Brennan were chosen captains of teams that will compete in a membership drive. The orchestra of the lodge entertained with musical selections.

The lodge will send C. M. Peard, son of the late John Peard, to Mooseheart, Illinois, to be educated.

Community M. E.
Aid To Present
Program Tonight

The Ladies Aid society of the Community Methodist church of El Cerrito will hold a program featuring local and out of town talent at the Fairmont school tonight.

The program will mark the close of an all day bazaar to be held today. Among the numbers will be a play by the members of the Epworth league, a monologue by Miss Yvonne Simonson; banjo numbers by Larry Stewart; songs by the Ross Sisters of Oakland and a specialty by Miss Margaret Benton.

Missionary Group
Of Wesley Aid
At Shoemaker Home

Mrs. Mary Shoemaker entertained members of the Wesley Missionary society yesterday afternoon at her home, 1024 Barrett avenue for a business and social meeting.

Mrs. E. Cuthbertson led the lesson study on Africa and talks were made by Mrs. Stella Anderson, Mrs. Sarah Long, Mrs. C. G. Lindemann and Mrs. Clara Thomas led the devotional. Mrs. L. Pennington presided.

The group will meet Jan. 3 in the church hall. Officers of the Oakland group will be honored at that time.

Pullman P. T. A.
Pays Honor To
Mrs. L. Hudson

Mrs. Lulu Hudson was honored by the members of the Pullman P.T.A. yesterday afternoon in the school auditorium. She was presented with a past president's pin and was honor guest at a luncheon.

Final plans for a Christmas party to be held Dec. 14 were discussed. Mrs. Dorothy Hunn will be in charge. There will be a Christmas tree and gifts for the children.

Fifteen new members were initiated by the group yesterday. Mrs. C. F. Bevins presided.

Birthday Party Held
At Kogel Residence

Mr. and Mrs. R. Kogel recently entertained at their home on Fifth street in honor of the birthday anniversaries of H. Archinger and Mrs. Kogel.

Among the guests were C. Meyer, William Pensigrou, W. Pensigrou, A. Pensigrou and Miss Peggy Alves of San Francisco; E. Fisher, W. Grasser, H. Gattel, Fred Alschinger Mr. and Mrs. C. H. Martin and Mr. and Mrs. H. Alschinger.

Gertrude Wiles
Has Natal Party

Mrs. E. W. Wiles, 709 Thirty-eighth street entertained in honor of the birthday of her daughter Gertrude recently at her home. Among the guests were:

Ruth Hill, Ruth Hawkins, Mary Wharton, Wilda and Gertrude Wiles, Paul Bucknell, Eugene Sowden, Daire Tandy, Ronald Sears, Edward and Elton Wiles and Martha Ann Burg.

Steege Presbyterian
Aid To Meet Today

The Ladies Aid society of the Steege Presbyterian church will meet this afternoon in the parlors of the church for a monthly business meeting. Mrs. W. J. McCarthy, president, urges all members to be present.

Rebekah Sewing
Club In Session

The Richmond Rebekah sewing club held a short business meeting yesterday afternoon at the Odd Fellows hall. Miss Grace Curry presided. Reports were read on the recent bazaar and food sale held by the group.

KING GEORGE'S CONDITION IMPROVES

(Continued from Page 1)
There is still cause for concern, despite the tone of the bulletins. The analysis was considered the most authentic study of the case published so far.

SEVERE STRAIN
The article points out that the long illness had caused the king much pain and emphasized the severity of the strain to which the king's constitution has been subjected.

Meanwhile the Prince of Wales continued his dash for London on H. M. S. Enterprise, which is due at Suez late Friday.
He will then board a train for Alexandria, where the warship Prohibitor will be waiting to carry him to Brindisi, Italy, for the overland trip to Calais, France. A destroyer will carry him across the channel to Dover, thence he will go by special train to London.

The Duke of Gloucester had passed Dover in South Africa, en route to Capetown, where he will catch Friday's mailboat for home, press dispatches said.

BULLETIN REASSURING
The royal family regarded this morning's bulletin as reassuring and Queen Mary was unusually cheerful as she left the palace at 3 p. m. for her daily motor ride. She bowed and smiled to the crowd at the gates as men doffed their hats and women bowed. Princess Mary accompanied her.

The morning bulletin said: "The king passed a fair night. His temperature this morning was lower. His general condition is slowly improving and the infective process, which remains severe is becoming more localized."
Signed, Stanley Hewett.
"Dawson of Penn."

KING CHEERFUL
It was stated, on reliable au-

thority late today that the king had passed a good day and "his condition certainly was not worse than Tuesday night". The king was cheerful, it was said.

Lord Dawson joined Sir Stanley Hewett at the palace early in the morning and they held a consultation before the morning bulletin was issued. Hewett had remained at the palace all night.

Lord Dawson called again in the afternoon and before the night bulletin was issued.

BURKE COUNCIL NOMINATES NEW OFFICERS HERE

Officers were nominated last night in Memorial hall by Burke council. Young Men's Institute Elections will be held Dec. 29 and installation on Jan. 17.

Visitors will be present at the next meeting and a banquet will be served by Joe Silva, assisted by a committee. A whist party is planned for Jan. 3. The committee in charge of arrangements is Willie McCarey, Joe Silva and James Thompson.

The quarterly communion will be held in St. John's church, El Cerrito, in January on a date to be decided upon later.

Druids To Hold Whist Tonight

Point Richmond circle of Druids will hold a turkey whist party tonight in Druids hall on Washington avenue. The event is open to the public. There will be a \$3 turkey order as a door prize and a \$3 order for every three tables. Mrs. Clare Barry is chairman of the committee. A short business meeting at 7:30 o'clock will precede the whist and will be presided over by Mrs. Violet Green, archdruidess.

Junior T. F. B. To Initiate Tonight

Initiation will be held tonight by the Junior lodge of the Fraternal Brotherhood in the home of Mr. and Mrs. Ralph Bedbury, 640 Ninth street. It will be followed by a "cocktail" party in which the members of the adult lodge will join.

SENATE TO WAR ON PEACE TREATY

(Continued from Page 1)
danger that this treaty will divert attention from more effective ways of eliminating war such as the world court and the league. There is a tremendous sentiment for peace in this country and the republicans have snatched at this scheme to satisfy that sentiment while refusing to accept real machinery which now exists in the league and the court."

BRUCE TO SPEAK

Bruce said, however, that while he will speak against the treaty in the senate, taking the view that it will be too ineffective to do any good, he is not certain whether there is sufficient cause to vote against it.

"I regard it as so futile that it doesn't matter very much either way," he said.

Reed, representing another view point, believes the treaty would tend to entangle us in Europe and lead us by the back door into the world court and its cousin, the League of Nations.

An unusual feature of the situation is the attitude of Senator Borah, chairman of the foreign relations committee. He has taken issue with some of his old fellow irreconcilables and is working hard for the treaty. He is supremely confident of putting it through and until the last day or two he expected no opposition.

APE BOY WILL BE TAKEN TO DESERT SOON

LOS ANGELES, Dec. 6—(U.P.)—Gordon Stewart Northcott will be confined to his hospital cot with influenza for at least two more days before he can lead deputies on further searches for evidence of his asserted boy murders, county jail doctors said today.

District Attorney Buron Fitts announced that as soon as the accused slayer can do so he will be taken to the Mojave desert again, this time to help officers find places marked on a map discovered in his former home here. Whether the spots indicated are the burial places of his asserted victims or not authorities have no way of knowing, but Fitts held high hopes because Northcott had taken deputies close to the places indicated on the 26-hour search Monday night.

WHIST PARTY OF ALLIED COUNCIL WELL ATTENDED

The whist party of the Allied Council of War Veterans held last night in Memorial hall drew one of the largest crowds of any event held by veterans. Forty prizes were awarded to holders of high scores.

The event was held to raise funds for the annual Christmas tree party for children of veterans. As a result of the whist, a substantial sum was secured.

Mrs. A. B. Cole Attends Oakland Luncheon Session

Mrs. A. B. Cole of 617 Thirty-fourth street in company with Mrs. Cella Waterhouse of Oakland, enjoyed a visit and luncheon with Mrs. Mary E. McClellan of Kansas City in the Hotel Bellevue, San Francisco, yesterday.

Mrs. McClellan is a past national president of the War Mothers and is on her way to Honolulu for a visit. Mrs. Cole is state corresponding secretary of the War Mothers.

Booster Club To Hold Bazaar Today

The Booster club of the Fraternal Brotherhood will hold its annual Christmas bazaar today and tomorrow in Schrader's furniture store, Seventh street and Macdonald avenue. Mrs. Lella Osborne is chairman of the committee in charge.

STOLEN CAR FOUND

A machine reported stolen from Thirteenth street and Macdonald avenue last night was recovered an hour later by the Richmond police near the spot where the car was said to have been taken.

The car is owned by Price Roberts, 2215 Roosevelt avenue.

SOCIAL SERVICE COMMITTEE SELECTED

A committee of five to act as a social service clearing bureau was named by Councilman A. L. Paulsen at a luncheon session of representatives of civic and fraternal orders yesterday. The committee will have offices at the office of H. H. Turley in the American Trust company.

Representatives from the Elks, American Legion, Italian Center, Social Service bureau, Red Cross, P.T.A. and Service clubs attended the session.

Councilman Paulsen presided in the absence of Mayor Mattie Chandler, who was unable to attend the session.

Minor Building Permits Issued

Two minor building permits were issued yesterday by Arthur J. Hurley, city building inspector. The Richmond Syndicate company was granted a permit to make alterations in its building at Tenth street and Nevins avenue to cost \$300.

J. L. Rihn secured a permit to erect a galvanized iron shed on the north side of Macdonald avenue between Thirteenth and Fourteenth streets, costing \$20.

C. H. Stoddard Funeral Today

Funeral services for C. H. Stoddard, 45, manager of White and Crane company of San Francisco, who died in Los Angeles Monday, will be conducted from the Wilson and Kratzer chapel at 10 o'clock this morning. Deceased was the brother of F. T. Stoddard, 5410 Barrett avenue, Richmond. Rev. H. T. Oberholzer will officiate at the services. The body will be sent to Napa for interment.

Scholarship, reserve and fuel training new filling. Keys made 264 9 20 1mo. in operation.

ARRIVAL of twins made it 16 children for Mr. and Mrs. Anthony Richardi of Boston, wed 21 years. They're shown with a dozen of them. Quite a number of hungry mouths to feed.

County Scout Heads To Hear Regional Chief

C. J. Colson, regional scout executive, will address the members of the Contra Costa county Boy Scout council Dec. 12 at Martinez. A dinner session will be held at the Congregational church in the evening.

The program for the night will be as follows: Presentation of colors. Invocation—Rev. Harvey Miller. Boy Scouts' orchestra. Song by council. Scout quartet.

Committee reports. Court of honor. Thomas G. Gray, chairman. C. E. Clark, chairman. R. W. Meyer, council objectives. R. F. Cox, council organization. J. R. Warner, president's report. J. D. Kelp. Address—Regional executive, C. J. Colson. Presentation of training certificate.

Free Labor Bureau Of Legion Success

SANTA ANA, Dec. 6.—Good results are being obtained by the employment agency opened here recently by the Santa Ana post of the American Legion. Jobs were obtained for seven former service men in the first two days it was in operation.

Alywin Estate Petition Filed

MARTINEZ, Dec. 6.—The American Trust company today filed petition for a probate of the estate of the late Mrs. Margaret Alywin of El Cerrito. The estate is valued at \$10,000. The will leaves \$500 to Margaret Green, granddaughter of the deceased, and the remainder is to be divided equally between two children, Mrs. Stella Green and Robert Cummings.

Builders Meet At Luncheon

The weekly luncheon of the Richmond Builders' Exchange was held yesterday noon at the exchange office. E. H. Higgins was in charge of the session.

Knights To Honor Rev. H. Collins

The Berkeley council, Knights of Columbus, will honor Rev. Harold Collins, former assistant pastor at St. Mark's church in Richmond next Monday night. Rev. Collins will address the meeting.

The "Chinese Band" from the Alameda council, will entertain during the night. Visitors are expected from Pinole and Redco.

UTILITY BOARD SELLS WATER BONDS

The East Bay Municipal Utility district has received a substantial larger premium by selling its latest batch of bonds at private instead of public sale, according to announcement by Dr. George C. Pardee, president of the district, who discussed the methods of marketing \$18,000,000 worth of bonds for a distribution system.

The bonds are part of the \$26,000,000 issue voted by the people in November of last year and the proceeds may be used either to buy the East Bay Water company as proposed in a recently signed agreement or to build a separate system.

The distribution system bonds were sold to an eastern syndicate including Illinois Merchants Trust company, Chicago American National company, San Francisco De Witt & Security company and Halsey, Stuart & company.

"The East Bay Municipal Utility district has sold at private sale a large block of its bonds which can be used either for the purchase of the East Bay Water company or for the installation of the district's own distribution system," said Dr. Pardee.

"The reason why these bonds were sold at private, rather than at public sale is as follows: On December 22, 1927, the district sold at public sale \$3,000,000 of bonds at a premium of 10.168 percent. On March 16, 1928, another \$3,000,000 were sold at public sale. The premium was 10.450 percent. On August 24, 1928, another public sale of \$2,000,000 was made. The premium was 4.444 percent—considerably less than one-half the premiums received at the two previous public sales. The district authorities then began to shop around to find out the reason for the sudden and great drop in the public sale price of the district's bonds. Wide inquiry developed the fact that no guarantee of any price would be made by anybody at public sale, and that only those to whom the bonds were sold would make any guarantee for a private sale. The only private sale guarantee was for a premium of 10.5, which was considerably higher than the last public sale at 10.444. Remembering that on Oct. 23, 1925, the district got, at public sale, a premium of only 2.218 percent, for \$5,000,000 of its bonds; that, on Sept. 3, 1926 the premium on another public sale of \$5,000,000 of district bonds was only 0.506 percent, and that, in 1928, the premium on public sale suddenly dropped from 10.450 percent to 4.444 percent—remembering these public sale phenomena (which remind one of a "squeeze-combine" among the bond buyers) the district authorities resolved to take no chances at this time, on a public sale with its possibilities. So, they took the best offer they could get—10.5—and sold the bonds at private sale, at that figure, after having endeavored, without success, to induce bond buyers, other than those to whom the sale was made, to guarantee either at private or public sale, an equal or better price than that finally obtained. Speaking only for myself, and knowing what I do, I feel quite sure that if the bonds had been offered at public sale, the price bid would have been considerably less than the price 10.5—obtained at private sale."

Guardianship Of Garfinkle's Son Asked By Sister

MARTINEZ, Dec. 6.—Mrs. Florence Marcus, of Richmond, today filed petition for the guardianship of the person and estate of Nathan Garfinkle, son of the late Louis Garfinkle of Richmond. Nathan Garfinkle's interest in the estate is fixed at \$2100 in the petition. The boy is the brother of Mrs. Marcus. The petition was filed through Attorneys A. B. Tinning and T. H. Delap.

Mrs. Ida M. Booth Funeral Conducted

Funeral services for Mrs. Ida M. Booth, 445 Kearney street, El Cerrito, were held yesterday afternoon from the Wilson and Kratzer chapel. Interment was in Sunset Mausoleum. Deceased was a native of Wisconsin and leaves a husband, William Booth, and several children.

Mrs. Richard Ill

Mrs. Nathan Richard, 1301 Chandler avenue, is confined to her home with an attack of influenza.

Local Shriners Will Attend Modesto Fete

Leading Shriners from Contra Costa county will motor down to Modesto on Saturday to participate in a ceremonial to be staged by Ahimsa temple of Oakland under the auspices of the Stanislaus County Shrine club.

Clare D. Horner of Richmond, chief rabban of Ahimsa temple, will be among the local Shriners to attend. Ezra W. Decoto, illustrious potentate of Ahimsa temple will be in charge of the ceremonial assisted by William Falger of Modesto, chairman of the Stanislaus county committee.

The arrangements for the journey were completed by Herman Englehardt, chairman of Ahimsa-cut of town committee. Jack Warren is chairman of the committee on transportation. A dinner and entertainment will follow the ceremonial at the Hotel Modesto.

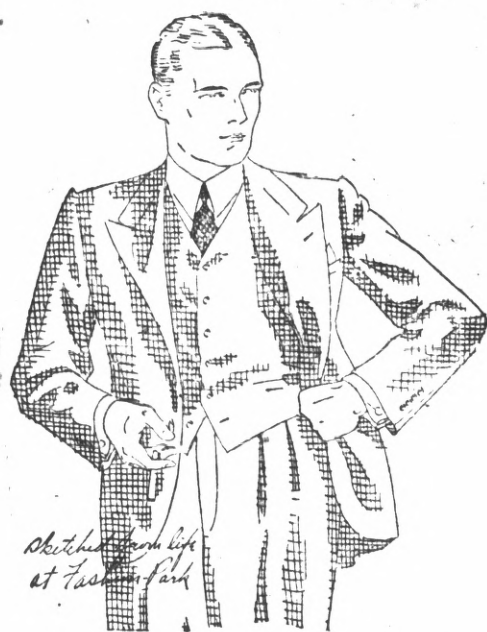

Ross W. Irish Buried In South

Funeral services were held in San Jose Wednesday for Ross W. Irish, former resident of Richmond who passed away at the Los Banos Standard Oil plant last week. Irish was transferred from the local plant to Los Banos six months ago.

Deceased leaves a wife, Ada, and a daughter, Katherine. He was 30 years of age.

LEGIONNAIRES ASKED TO AID BIG NAVY

SAN FRANCISCO, Dec. 6.—Frank N. Belgrano, Jr., department commander to the American Legion, has just received a letter from the national commander of the legion, Paul W. McNutt, calling upon every legionnaire in this state to support actively President Coolidge's naval strengthening program "as the only answer other nations will understand."

"The President declared in no uncertain terms in his address Armistice Day that adequate national defense necessitates the immediate construction of more cruisers for the navy," the national commander wrote. "It was America's answer to the failure of the Geneva conference. It is the only answer which the other nations of the world will understand."

"The Legion must heartily endorse the President's clear-cut statement of American policy. We must seek to do our part in educating the public on the necessity of carrying out the naval program."

"Will you not ask every Legionnaire in your department to take an active part in this campaign of education? Time and again the Legion's national conventions have urged the maintenance of the 5-5-8 ratio agreed upon by the Washington conference."

U. S. Keeps Agreement

"The United States alone has kept the spirit of that agreement. Instead of being on a parity with Great Britain, as is to be, and instead of being superior to Japan in naval armament, as is to be, the United States has fallen below Great Britain, and is now only equal to Japan. The other nations have kept the agreement only to the letter, and not the spirit. The relative naval strength now stands, Great Britain 5, the United States 3, and Japan 3."

"The recent national convention of the Legion in San Antonio demanded that 15 light cruisers of 10,000 tons each be constructed."

"To the mind of the layman a cruiser of 10,000 tons means only another new warship. To the mind of the average American '10,000 tons' might as well be designated as a cruiser of 7,500 tons. There is a vast difference when it comes to the naval strength of Great Britain and the United States."

"At the Geneva conference the American delegates sought to limit the total tonnage of cruisers and auxiliary naval vessels. The British desired that limitation be put only on the class A, or the 10,000 ton, cruisers. The British asked that no limitation be put on the 7,500 ton class. The British further wished to have 8-inch guns limited to the 10,000 ton class and the armament on all others not to exceed 6-inch guns."

England Is Merchantsmen

"Great Britain has a vast amount of merchant vessels that would be converted over into warships in the event of war. Those merchant vessels cannot carry a gun larger than a 6-inch."

"Conservative as the President of the United States needs to be in his public utterances in dealing with subjects of international import, there was no mistaking the warning in his address of Armistice Day."

Life Savers Drown In Storm

CAPSIZE life boat at Camber-on-Sea, England, in which a crew of 17 lost their lives when they went to the rescue of "Alice of Riga," a Latvian steamer drifting in distress.

It is obvious we are entitled to a larger number of warships than nations having these advantages.

"When the present British legislation is carried out, they will have sixty-eight cruisers. When ours is carried out we will have forty. That was the situation when on Feb. 10, 1927, President Coolidge called the Geneva conference and invited Great Britain, France, Japan and Italy. France and Italy declined even to attend. The United States proposed to limit the total cruiser tonnage to 250,000 to 300,000. The British asked for from 425,000 to 600,000 tons. The British proposal was no more nor less than an extension of war fleets, not a reduction. No agreement could be reached. Limitation movements since that time have been discouraging, the President declared."

"The fifteen cruiser program provided for in House bill No. 11528 will not put us on a parity with Great Britain, but it will be a step. The American Legion is behind that naval strengthening program heart and soul, and I want every legionnaire to enlist all true American men and women to support it."

Couple Wed In Secret During Legion Meeting

BOSTON, Mass., Dec. 6.—The story of an American Legion romance that resulted in a secret wedding in France last year when the national convention of the Legion was held in Paris, has been revealed here with the announcement of the marriage of John Joseph Maguire of Watertown and Catherine Burke of Natick. Maguire is a member of the Watertown post of the Legion and the bride was formerly adjutant of the Natick Legion post. The two made the trip to the Paris convention together and were married there by a Legion chaplain on Sept. 20, 1927. They were successful in keeping the marriage secret until recently when it became known through relatives, resulting in formal announcements being sent out.

FAST SPECIAL TRAIN SAVES LEGION MAN

CHICAGO, Dec. 6.—Members of the Board of Trade post of the American Legion are anxiously watching the valiant fight Frank Gilbert is making to regain his health. Gilbert was almost in a dying condition a few weeks ago when he was found in a New Orleans hospital by members of the post who were returning from the Legion national convention at San Antonio, Texas. Gilbert was told that he could not live and his wish was that he might be taken back to Chicago to see his mother before he died.

Through the efforts of his buddies in the American Legion, Gilbert realized his wish. He was brought back home and was taken to the Speedway hospital at Maywood, Ill. For several days he lingered between life and death. Three blood transfusions were performed and a leg was amputated. Finally he began to show signs of improvement. He has gained four pounds since he has been in the hospital and physicians now say that he has a fighting chance to get well. He is suffering with tuberculosis.

SERIOUSLY ILL

The Board of Trade post delegation was engaged in sightseeing and pleasure seeking when they learned of their comrade's plight. Dave Stark, post service officer, went to the U. S. Marine hospital where he was told that Gilbert's condition was critical and that he might not be able to survive such a long journey.

"He is in a very serious condition and the doctors tell me there is no hope for him," Stark reported to Jack Fisher, post commander. "They have already had him make out his last will and testament. He is still conscious and begs to be taken home so that he can see his mother and his son before he dies. The doctors have warned me that he might not stand the trip that he might die enroute. He wants to go home to his mother and son. It's his last request. Shall he take a chance?"

Arrangements were made for the transfer to the Speedway hospital and that night Gilbert was brought aboard the special train of the party. The club car was converted into a hospital room. They believed that it was a race with death and every effort was made to reach Chicago as soon as possible. Train officials issued special orders. The special train of the Chicago Board of Trade post was given the right of way. It was the first time in the history of the Illinois Central railroad that any special train had passed their crack Panama limited.

On the morning of October 13 Gilbert was reunited with his family in Chicago. He was carried from the train on a stretcher by six Legionnaires. He was too weak to speak but his eyes showed the appreciation for what his comrades had done for him. He was taken directly from the station to the Speedway hospital where his progress has been such that much hope is held for his recovery. Prior to his illness Gilbert was a member of the drum and bugle corps of the Board of Trade post.

COLLEGE COST SET AT \$581 PER YEAR

WASHINGTON, Dec. 6.—U.P.

What is the price of a college education?

The United States bureau after a survey of 1,000 colleges and universities fixed the average minimum at \$581 a year, \$2,324 for a four year course and maximum, depending on the elasticity of dad's pocketbook.

In addition they discovered that the cost of higher education is twice as much as it was in 1900. The \$581 a year includes everything necessary to college life: tuition, fees, books, board and room, clothing and entertainment.

For \$1005 a year a student should be allowed a little more leeway, could spend a trifle more for amusement and perhaps live in slightly better quarters.

Either figure would not permit the operation of a sporty roadster nor much night life outside of the college campus.

The bureau has delved into all phases of college life and finds that:

"Tuition in public controlled schools for arts and science course average \$137 a nine month term. Law courses cost about \$50 a term extra.

Board and room averages \$276 for the college year.

Books and stationery cost approximately \$20.

Laundry averages \$26.

Amusement and entertainment averaged a minimum of \$12.

Clothing averages \$100.

READ IT FIRST IN THE RECORD-HERALD

Alms survived the first ballots for treasurer. Eliminated were Edna Hoeffler, Gail Herbert, Sam Hadley, Gladys Metz, Marjorie Whitteley and Helen Macdonald.

Albert Shultz and Clyde Barnhart will seek the post of commissioner of law and order, having eliminated Jack Bartlett, Eugene Doyle, Melvin Hansen, Samuel James, Vernie Marcy, Milton Crab and Vallier Stewart.

Clarence Hall, unopposed, was chosen yell leader and Leslie Scarella was elected athletic manager over Gordon Lemon.

**Days you
"see your breath"
are much too cold
for "wet" gasoline**

EVEN in summer "wet" gasoline is sluggish. Heavy kerosene-like particles fail to burn. They filter down into your oil, thinning it, ruining its lubricant value, wasting fuel.

And in winter you will have real trouble. "Wet" gasoline—even so-called winter quality of "wet" gasoline—simply can't vaporize properly. It hits the cold motor and condenses like a damp fog. It forms in droplets on the manifold, on the cylinder walls.

Your battery has a hard enough job turning a stiff cold motor without the

added handicap of slow starting "wet" gasoline.

Would you like to avoid cold weather starting troubles? Would you like a gasoline that goes all into power and mileage? Shell 400, the "dry" gas is so exactly refined that "wet" fractions are eliminated. It vaporizes completely and therefore starts easily; it burns cleanly and hence delivers maximum power with no oil dilution or waste.

It costs no more than "wet" gasoline. Let every frosty morning remind you of Shell 400, the "dry" gas—no other Shell gasoline is sold.

**QUICK STARTING
The "DRY" GAS**

And about oil: There's still now that forms a hard, flinty carbon. If you would avoid the endless troubles caused by carbon, and "add thousands of miles to the life of your car," insist on SHELL MOTOR OIL whenever you buy

With Shell 400, the "dry" gas you can often run a full thousand miles and have less than 10% gasoline in your oil—not enough to seriously damage it.

It doesn't take many cold mornings to flood your oil with condensed wet gasoline that runs down the cylinder walls. Here's an example—oil half gasoline in less than five hundred miles of running!

MARTINEZ MAN, MATE FACE CHARGE

MARTINEZ, Dec. 6.—Mrs. Ruby La Downs Smith, 23, of Vancouver, Wash., and her first husband, Lee Downs, 31, are being held in the county jail here on the complaint of Mrs. Smith's second husband, Clarence D. Smith, 26, who asks that his wife be prosecuted for bigamy.

Mrs. Smith, according to Chief Police Charles Palmer, readily admits having married both men. She claims that she married her second husband when she thought that her first mate had divorced her, according to a police report. Smith declares that Mrs. Smith was planning to return to her first husband. She is reported to have been on her way to Downs' cabin in the outskirts of the city when taken into custody. According to Mrs. Smith, she married Downs in 1921 and there is a daughter, age four years. She declared that they separated and that Downs later wrote her that he had secured a divorce. She stated that she married Smith in Vancouver in 1926.

Downs, according to the police, corroborated the statement made by his wife, stating that he told her he had secured a divorce although he had not.

After her marriage to Smith, the woman exchanged letters with Downs, she declared. Four months ago she set out to join him here, hitchhiking down the coast. Smith trailed her, resulting in the charges. The two are being held for the Vancouver authorities.

Spanish War Transport Crews Organize In S. F.

The crews of the United States Army transports, who took the soldiers and sailors over during the Spanish-American War, the Philippine Insurrection and the Boxer outbreak, in the period from April 1898 to July 1902, have organized for the purpose of asking Congress to give them the same recognition as was given civilian employees participating in the World War in similar capacities. Congress passed a bill in 1926, which gave the World War workers, compensation and other advantages, which war veterans usually receive, and the Spanish War workers, on the transports, of 1898 to 1902, want the same conditions. Membership

is not restricted to crews of the transports, but any civilian employee of the Quartermasters' department, during this period is eligible to become a member.

The organization now numbering over 300 members in San Francisco alone, is known as the Transport and Quartermasters' Department Service Men of the Spanish War, McKinley Fleet, No. 1. George H. Raymond is commander and J. J. Clifford is secretary. The secretary's office is located at 16 California street, telephone Kearny 0290. Any further information desired may be obtained from the secretary's office any time.

INCREASE OF PROSPERITY FORECAST

"In the general business situation there is ample evidence to support the expectation of continued prosperity," states the current issue of The Guaranty Survey which has just been published by the Guaranty Trust company of New York.

"This evidence is not found in the mere fact of great industrial activity; for such a condition, while it certainly implies a large volume of aggregate purchasing power, may only be contributing to an unbalanced position in commodity markets. If the purchasing power is flowing into the wrong channels," The Survey continues. "The significant fact is that the high wage scales and the widely distributed income of the last few years apparently continue to operate as strongly as ever, so that active industrial operations are balanced by a ready movement of goods into the hands of consumers. The situation has been improved this year by further agricultural recovery, by a stronger position in certain industries that have been facing special difficulties, by a decline in unemployment, and by a continuance of economic progress in foreign countries."

MORE IMPROVEMENTS

"There remain a few factors that are frequently mentioned as possible sources of disturbance. The situation cannot be considered perfectly balanced as long as such important industries as coal, textiles, shipping, petroleum, and others are seriously embarrassed. There is still room for great improvement in agriculture. The swift mechanical and industrial progress of recent years has necessitated readjustments which are still under way, and which entail stagnation in some lines and severe competition in many more."

"It must also be admitted that the change in the money situation has introduced an additional element of uncertainty. While there is little danger that the country's credit requirements will approach the limit of our financial resources in the near future, it must be remembered that a large volume of it is still being held in reserve against future demands from abroad, which our financial leaders have neither the power nor the right to oppose. In the meantime, the trend of events in the security markets, dependent as these are on credit conditions and on delicate psychological factors, has certainly not increased the ability of the price structure to withstand possible shocks in the future."

"These, however, are merely the dull spots in a generally bright outlook. Some irregularities must be expected to appear in such an innumerable array of factors as is involved in modern economic life, particularly at a time when the world is still experiencing the unsettling effects of the greatest economic and political upheaval in its history. The significant fact at present is not that such weaknesses exist, but that they are so few and apparently so powerless to check the onward march of trade."

"The approach of the holiday season finds business in an exceptionally favorable position to take advantage of the seasonal stimulation of activity. Several of the country's most important industrial and commercial lines will achieve new high records for the year. There has been no general decline in wage levels, and the employment situation is much better than it was a year ago. Moreover, it appears that corporate earnings in general are considerably larger than last year. This conclusion is certainly indicated by the reports of large companies published in recent weeks."

"Business optimism was heightened by the action of the directors of the General Motors corporation this month in declaring an extra dividend of \$2.50 a share on the present capital stock of the company and in recommending to the stockholders 'split-up' of stock on the basis of two and one-half shares for one. This step is interpreted as evidence that the directors of that corporation confidently anticipate a continuation of general business prosperity for time to come."

"Scarcely have reports from the various industries and from the different parts of the country been so nearly unanimous in pointing to a high and advancing level of activity. Railway freight car loadings, bank deposits to individual accounts, factory employment and payrolls, sales by retail establishments, foreign trade values, and basic industrial output combine to indicate not only that the current volume of business is larger than of a year ago, but that it is increasing, whereas at this time last year it was decreasing."

REDS AND THE CHILDREN

In no way are the communists in the United States making greater efforts than in their attempts to train the children to think along communistic lines. Before the recent election rallies among the children in some of the larger cities were held by the Young Pioneers, an organization among the children by the communist songs and are harangued by "child speakers" who tell them how they are being wronged by their school teachers, and assert that in the time to come the children will control the schools and not the teachers, so that the children may give expression to their own educational desires. This sort of propaganda is of course calculated to instill the spirit of revolt in youthful minds. From a revolt against the teacher it is only a step to a mental revolt against the government.

The youth movement among the reds is however world-wide. In a recent dispatch from Moscow to the "Daily Worker" official communist organ in America, we learn about the recent third plenary session of the Young Communist International. The report of the executive committee indicates that the Young Communist Leagues are growing steadily everywhere and that one of the most important new links is the formation of leagues in South and Central America.

Some idea of the way in which the reds work among the children may be gained from the following paragraph from the book of instruction for the leaders of communistic groups. The paragraph follows:

"Nothing in the world is easier than to attract children. Where there is a will, there is a way. Youths, boys and girls of the Young Communist Leagues go in a group to the places where children are—on the streets in the evenings, in parks, public playgrounds, or at some outdoor celebration. They watch the children at play and gradually and tactfully join in their games, perhaps teaching them a new circle game which all can join. Other children are attracted and approach to play the new game. After a time when the children are a little tired—'Shall we learn a new song?' At first the little ones may be suspicious, then they all join in 'The Red Flag,' 'The Internationale' or some other revolutionary air."

But while we are dwelling on this effort of the reds to teach the children the "glories and advantages" of communism it might be well to consider for a moment the present condition of the youth of Russia. The following is from the Bulletin of the Better America Federation of California which has investigated the subject:

"Russia has a committee named the 'V. O. K. S.'"

"The main duty of the V. O. K. S. is to personally conduct tourists through Russia; to demonstrate to the visitors those things which Russia wants them to see and to steer them discreetly by those things which Russia does not want visitors to know about."

"This V. O. K. S. committee is in an embarrassing predicament. They have one cesspool of horror which is so widespread that they find themselves unable to steer American pink tourists around it. This cesspool is Juvenile vagabondage."

"And so on May 26, 1928, the Central Committee of the Communist Party got out a resolution on Juvenile Vagabondage. Here is part of that resolution."

"Juvenile Vagabondage still remains a great calamity for the country. Although it is considerably diminished, thousands of children and adolescents, deserted and without social education, are still present in the streets."

A graceful model for moire or velvet suggested in bright red, purple or blue for the stay-in-town-to-dine dress.
Dear Judie,
I am in business, live out of

AND THE WORST IS YET TO COME

NINTH STRIKE IN THREE TIMES AT BAT.

town and stay in the city often for dinner and the theater. My problem is to find frocks in which I may appear well before and after six. I am five feet ten inches in height and very slender. I am dark and do not look well in black, so you see I have difficulty in getting something appropriate. I suppose my dress should be crepe de chine—corn.

BEAUTY

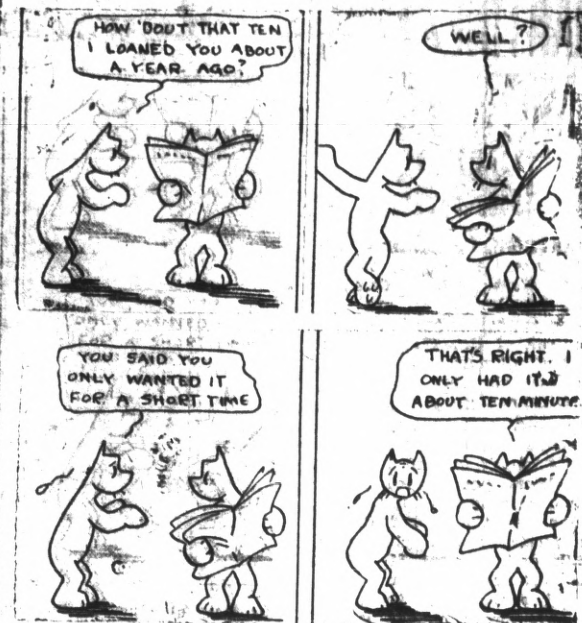

Dear Miss Lane,
My little girl has very thin, fine hair which I have never cut because it is inclined to be curly and I don't want to cut the curls off. A friend advises me to have it cut, saying that this would make the hair thicker. Do you agree with her, and do you think cutting will spoil the curls? Mother.

I don't see why cutting should spoil the curls if you are careful to trim it again afterwards with warm water around your finger. If I were you I certainly would have her hair bobbed, as I think that it would strengthen the hair and promote its growth.

Yours for Style, JUDIE.

Cat Tales

by Pusey

you use the make-up with too lavish a hand. Are you sure your brows and lashes need darkening? Unless they are very pale, I would not darken them except, perhaps, in the evening when under electric lights the artificial aids are less conspicuous.

Remember that just a touch of eyebrow pencil (or whatever you use) is sufficient to accentuate the beauty of the eyes.

TRACED TO THE SOURCE
Small boy in the country—mamma, I won't drink this milk! I will drink milk that comes from a wagon; but do you know where they got this milk? They pulled it out of a can.

FED UP

Joe—Shall we sit this out?
Coe—Oh, I'm so tired; let's glance.

THE OUTLINE OF POLAR EXPLORATION

The Limits of Knowledge

By R. A. WOLFE

SEBASTIAN CABOT
It was in 1498 that a number of important London merchants gathered and agreed upon a project of discovery. Just at that time young Cabot happened to be in London.

WITH HIM THEY ENTERED INTO CONSULTATION, AND WITH HIS ASSISTANCE FORMED THE PLANS FOR A VOYAGE. HAVING IN VIEW TO REACH BY WAY OF THE NORTH AND NORTH-EAST, THE GOLDEN

LANDS OF INDIA AND PARCHA... BUT THE OBSTACLES TO SUCH A VENTURE WERE NOT YET FULLY APPRECIATED—AS LITTLE WAS KNOWN OF THE

ACTUAL SIZE OF ASIA, ITS EXTENSION TOWARDS THE NORTH, AND THE GREAT MASSES OF ICE WITH WHICH ITS SHORES ARE CARPETED.

11—Real Estate For Sale

TO PURCHASE A HOME

You should first decide as to location, the size of home needs, to your comfort, the price you can afford to pay, the amount you can raise for first payment.

THEN

Select a REALTOR in whom you have confidence, who will look after your interests as to how the home you may select is financed, how it is constructed, and then finally, who will see that the papers are properly drawn and your best interests safeguarded in an investment in which you are putting your life savings.

TRACTION HEAD LAUDS ONE MAN CARS

Pointing out that efficient one-man street car operation is being successfully used in over 250 of the larger cities of the country including Kansas City, Newark, Philadelphia, Detroit and New York, and pledging his company to do its utmost in carrying out the recommendations and the recent order of the California Railroad commission in authorizing one-man operation for the Key System Transit company street car lines, A. J. Lundberg, president of the transit company, today declared that this type of operation will make it possible for the company to render better service.

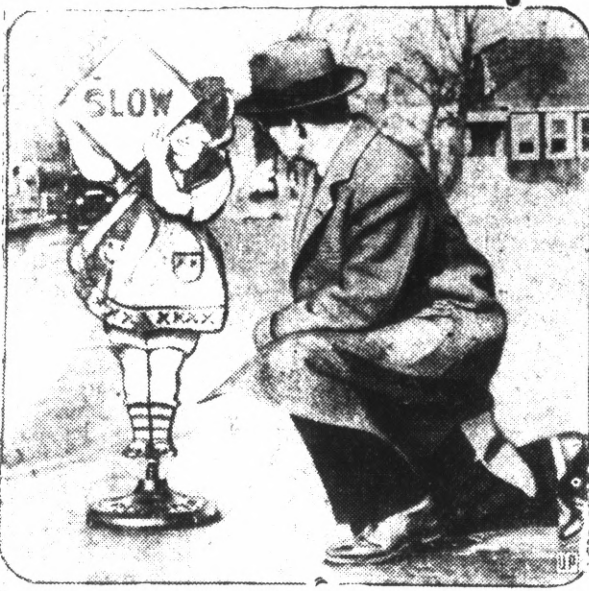

"When the railroad commission rendered its decision in the Key System rate case," Lundberg says "and fixed the street car fare at the existing rate of 7 cents, the company accepted the decision and in a public statement pledged itself to carry out the recommendations of the commission and along the lines of introducing every possible economy in its operation. The company has been carrying out this pledge one of the forms of more efficient operation which was recommended by the commission in the rate case was one-man street car operation. We recently obtained the railroad commission's permission to install one-man operation and such an order has been given us by the commission. I am convinced that one-man car operation is a more efficient means of conducting our service and that it will make possible the improvement of quality and the promptness of service.

"No reduction in the expense of operation is contemplated by the company. One-man car operation will increase the operators' wages 7 per cent. I have previously stated that the Amalgamated Association of Street and Electric Railway Employees, that no employees will be discharged, that the introduction of one-man operation. The additional service to be given and the natural by-product will prevent any loss of employees."

TALMADGE VISITORS

Police Inspector and Mrs. Oliver Wylie, are entertaining Mrs. F. S. Mason of Talmadge, at the Wylie home. Mrs. Mason is Mrs. Wylie's sister.

Danger Ahead

CLEVER idea to warn drivers in Wanaque, N. J., that the school children are in danger. The cut-out figure is so life-like that cars automatically slow up.

Vineyardists Of County To Meet On December 12

The California Vineyardists association will hold the second annual meeting for Contra Costa growers on Dec. 12 in Concord and Oakley. The Concord meeting will take place at 2:00 p. m. and the Oakley meeting at 6:00 o'clock the same evening.

Managing Director Donald D. Conn will address these meetings in regard to the revised statewide plans which it is considered necessary to put into effect immediately if the grape grower is to receive profitable prices during future seasons. The new form of grower and clearing house agreements which vests control over distribution of grape shipments in the clearing house will be discussed fully as will the plans for trade promotion and advertising to expand the market for grapes and grape products.

Advisers for 1929 will be elected and the attendance of every grape grower in this district as well as all associate members and business men is urgently requested.

BAZAAR HELD AT ROOSEVELT SCHOOL

The opening of the two-day bazaar of Roosevelt junior high school last night brought large crowds and as a result many articles were sold. A motion picture show and selections by the band featured the program.

Articles placed on sale in the various booths were prepared by the school clubs under the direction of Miss Agnes Raab.

Tonight, the program will consist of a play, "Alice in Wonderland," presented under the direction of Miss Christine Walther. There will be selections by the glee club and orchestra. Root baskets, loan bags, wooden and felt tops, etched paper party favors, potted plants, candy, pies, cakes and cookies are among the articles placed on sale.

In the cast of character for the play will be:

Jack Bartlett as Lewis Carroll; Alice, Vernetta Ciabattari; and Olga McHovey; Red Queen, Berna Sparrow; White Queen, Elizabeth Taylor; White Rabbit, Gail Hermon; Gryphon, Jack Bartlett; Mock Turtle, Ernest Miller; Mad Hatter, Frank Sharpe; March Hare, Zola Alexia; Dove-cakes, Thoma Price; Frog, Freda; Lucille Costa; Duchess, Margaret Russell; Cheshire Cat, Betty Brown; King of Hearts, Dorothy Lane; Queen of Hearts, Marjorie Wynn; Knave of Hearts, Lucille Cummesky; Tweedle Dum, Walter Bradbury; Tweedle Dee, Milton C. Lee; Caterpillar, Marjorie Whitteley; Two of Spades, Ruth Lewis; Seven of Spades, Evelyn Hebrard; Juroes, Lolo Johnson; Ruth Brown, Cecelia Malik; Dorothy Williams; Wilson Simpson; Marjorie Whitteley; Betty Brown; Lucille Costa; Gladys Metz; Nina Gozzano; Ernest Miller and Jack Bartlett.

Father Freed After Slaying Invalid Child

MOSCOW, Dec. (U.P.)—After poisoning his four-year-old son, Sergei, who was a hopeless invalid, Alexander Trofimoff, a Moscow stockman, went to the nearest police station and had himself arrested for homicide.

At the trial, just concluded, it appeared that Trofimoff had made every effort to cure his son, who suffered with some brain disease. Despairing at last, he decided to end the child's misery through death.

Trofimoff was sentenced to five years' imprisonment. The sentence, however, was immediately commuted to three years' "conditional" service, which means in effect that he will be freed on parole.

A similar case recently stirred Leningrad, where a Soviet aviator killed his three-year-old son.

BIRTH RECORDED

A birth certificate for a son born Dec. 5 to Mr. and Mrs. Frank M. Regello of San Pablo was filed with the city health department yesterday.

J. A. LONG ILL

John A. Long, local insurance man, is confined to his home, 521 Eleventh street with influenza. He expects to be able to leave his home within a few days.

ANNUAL MEET OF RED CROSS WEDNESDAY

Discussions will be heard by the Richmond chapter of Red Cross at its annual meeting to be held next Wednesday at the First National Bank building. The session will start at 7:30 o'clock. All members of the group, and especially those who joined during the summer months, have been requested to be in attendance.

Reports of the recent roll call will be heard. The roll call headquarters will close this week and the staff will return to its former rooms.

More than 1000 new members were added to the membership of the local chapter during the drive here. The campaign started November Day and closed on Thanksgiving Day.

Indian Herbs

Is a good body medicine composed principally of herbs, roots and barks. An excellent liver regulator for sluggish bowels, kidneys and constipation. You can get the money back at any of the agencies where you bought them if Indian Herb Compound does not benefit you after directions have been followed.

Indian Herbs are for sale by all local drug stores and at many other business places whose addresses are listed on the second page of the circular in each free sample given at all the local agencies. Geo. W. McPherson, resident agent for The Great American Herb Co., 607 Macdonald avenue.

Heroes Of Sea In One Grave

FIFTEEN coast guardsmen of Rye harbor, England, were buried in a single grave when their bodies were recovered from the sea. They with two others were drowned when their boat overturned as they attempted to rescue passengers from a ship in distress off the coast of England.

Naval Hospital Patients Like Local Programs

The United States Naval hospital at Mare Island is pleased with the programs being presented by the Richmond chapter of the American Red Cross every month.

according to a communication received at local headquarters. The Richmond lodge of Elks was in charge of the November program with Dr. C. Walter Cole in charge. The entertainment was declared to be one of the best presented at the hospital and was enjoyed by nurses, officers and men.

A birthday party was held recently under the leadership of W. V. Keltz, assisted by Mrs. Ernest Woodfield, Miss Lois Menor, Miss Remar Christensen, and Miss Mary Ethel Jette. The program was as follows:

"America," Mrs. Garrison at the piano; group of readings, Inez J. Keltz; piano solo, Miss Marion Hommes, songs by trio, Mrs. Sherman, Mrs. Parks and Mrs. Dunlap, with Mrs. Garrison at the piano.

Readings by Herman Jette; comedies by Mrs. Garrison, Mrs. McCann, Hardesty, Keltz and Mrs. McCann of St. Edmund's guild.

FURNITURE MEN OF COUNTY TO MEET

The Alameda and Contra Costa county unit of the Retail Furniture association of California will hold its dinner meeting Dec. 10 at the Athens Athletic club in Oakland. Louis J. Breuner of Oakland will preside.

The speakers of the occasion will be John S. Casey, chief of the division of Weights and Measures of the State and Frank Runyon, secretary of the Retail Furniture association of California.

Important legislative problems for the betterment of the industry, laws protecting the health of the public through the use of clean products and public economy through the elimination of misrepresentation will be discussed.

There will speak of "Shadows of Coming Events in Legislation" and Cases will talk on "Building Conditions in California Before and After Protective Legislation." Motion pictures will be shown.

READ IT FIRST IN THE
RECORD HERALD

by Mrs. Vivienne Garrison; songs by the W. V. R. A. trio and "The Star Spangled Banner."

The cakes for the birthday party were donated by the following members of the United Veterans of the Republic, auxiliary No. 12: Mesdames Doolittle, Sherman, Dunlap, Woodfield, Parks, Both, Trull, Stearns, McChristian, Hladman, Hardesty, Keltz and Mrs. McCann of St. Edmund's guild.

Music Lovers Turn Again To Phonographs

In the past, the world has said that they never come back, and a long list of attempts that ended in flat failures leaves no doubt as to the truth of this statement. What is true of Flatland has also been true down through the ages in almost every other line of endeavor. Transportation was revolutionized with the advent of steam engine. Antiquity engulfed the stage coach.

What is true of transportation in America is now the less true of other national institutions. In various modified forms, with an overwhelming success of radio for instance, millions of Americans both in the cities and rural districts, are becoming more and more dependent on their receiving sets for entertainment, and contact with the world at large. A great many people who once were regular attendants at local concerts, conventions, and all manner of gatherings now sit contentedly at home and get everything over the air.

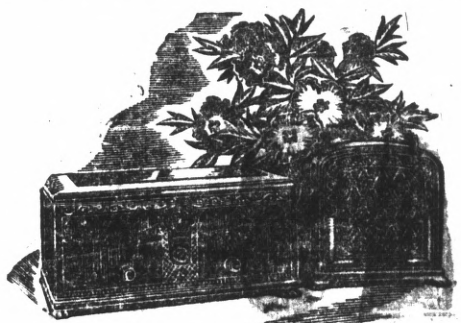

Phonographs neglected. Even the phonograph was for a time neglected. Now, however, there is prevalent in the United States a tremendous revival of interest in the phonograph. What cannot be adequately described as a short of a hysteria for radio programs has greatly subsided with the stabilization of the industry and the assurance that radio is here to remain a part of the national life. Lovers of good music are once again turning to the phonograph to listen to their favorite reproductions, which the phonograph brings to them with such unusual fidelity of tone when ever they desire.

Radio combinations in Vogue. It was radio that forced the phonograph industry, with its back to the wall to wake up. This industry's fight for life was based upon an improved product and, as a result, the phonograph of today is far and beyond the fondest conception of anyone familiar only with that of five years ago. By far the greatest interest rests in the perfected radio-phonograph combination. Aptly called the ultimate of the two arts, this instrument provides the listener with whatever his whims demand. Now a selection from an opera or musical comedy or whatever phonograph record is desired. Then a flip of the switch brings to his ears a convention, football or whatever is on the air. In partnership with radio, the phonograph is destined to an interesting future.

K20—6 tube table A. C. Receiver—\$160 with tubes
K6—Table model magnetic cone—\$35.

The Kolster Model K20 is a receiver of exceptional beauty. Its cabinet is finely made of walnut, beautifully grained. Delicate wood traceries enhance its beauty. It has single control tuning, with the tuning dial indirectly illuminated, and calibrated in meters. Being adjustable for selectivity and sensitivity, the receiver is capable of clear reception of local and distant stations without interference. The reproducer illustrated, Model K6, is a magnetic cone by Kolster. It is matched with the set both electrically and in appearance. The combination affords reproduction which is remarkably life like.

Medal For Good Radio Diction Will Be Given

A medal for good diction on the radio will be awarded by the American Academy of Arts and Letters, according to an announcement made yesterday by the Academy from the building at 623 West 105th street, New York. Three gold medals for good diction on the stage have already been awarded to Walter Hampden, Edith Matthews and Otis Skinner. The decision to award a medal for radio rests on the theory that announcers have an enormous effect upon American speech. The winner will be chosen from official announcers of stations throughout the country. Complete details for the contest are in the hands of Hamlin Garland, chairman of the Academy committee for the award. (Sunday, Dec. 16 at 7:30 p. m. Pacific standard time, over a nationwide hookup of the National Broadcasting company and Columbia systems, a special program will be presented. Dr. Nicholas Murray Butler, president of the Academy, will be chairman of the evening. Other officers, the winners of Academy medals for stage diction, Professor George Pierce Baker, head of the Yale Dramatic school, Robert Underwood Johnson, secretary of the Academy and Augustus Thomas, playwright will be heard.

Legion Orphanage Plans Additions

PONCA CITY, Okla., Dec. 6.—Officials of the American Legion in Oklahoma have announced plans for the immediate construction of a \$100,000 administrative building here for the American Legion home school for dependent children of World War veterans.

Disaster Test For Legion In East, Success

JAMESTOWN, N. Y., Dec. 6.—The quick response of members of the newly organized emergency unit of Ira Lou Spring Post No. 149, the American Legion, to a recent test call, demonstrated that the unit is prepared to give service whenever there is need of it. In response to telephone calls, a large number of Legionnaires assembled at Spiller's Memorial park within 45 minutes. Several physicians and one nurse were among those who turned out. More than half the members of the communication section answered the call and set up a field telephone line and had it in operation within three minutes. The squad is ready to aid the regular authorities in time of community disaster.

Gigantic Drum Corps Planned

SCHENECTADY, N. Y., Dec. 6.—American Legion posts in the city have plans under way to organize an eighty piece drum and bugle corps. The committee in charge has already ordered forty bugles and twenty-four drums.

SIMPLE DESIGN MARKS NEW RADIO

New performance that amazes compactness and beauty are all embodied in the new Stewart-Warner 1929 radio models, according to V. G. Blake of the V. G. Electric Co., 1314 Macdonald avenue, local dealers.

Attention is drawn by Blake to the model 801-B Stewart-Warner A C receiver, a powerful ultra-selective 7-tube set that takes its power, directly from any 110 volt alternating current light socket. Simplicity is the keynote of this set, according to Blake. There is but one control for tuning and one for volume. The gold-plated illuminated tuning dial is calibrated in wave lengths and unusual but important features made possible only by the precision of Stewart-Warner coils and tuning condensers. The compact metal cabinet completely shields the electrical assembly, and in addition, the power unit is doubly shielded. This set is also equipped for attachment of standard electrical phonograph pickups and will give the recreation of record tone equal to any of the new type phonographs.

Praised By Laboratory. Laboratory officials of the Stewart-Warner company declare the Model 801-B set superior to hundreds of brands of receiving sets tested. "We have tested many sets," officials say, "but we have never found a set comparable to Model 801-B for reception or distant stations. The volume with which each station is received gives a distinct thrill to even the most experienced."

"This Stewart-Warner set brings in each station distinctly, clearly and with a knife-like sharpness, due to the fact that three stages of tuned radio frequency amplification and four tuned circuits are used. Here is a feature not usually found in present day sets at anywhere the same price range. It gives the absolute maximum in selectivity and completely eliminates 'retunes' on powerful stations."

Tone Is Factor. Distance getting ability and selectivity do not alone fill modern day radio needs. Tone will be a big factor in 1929, and Stewart-Warner will lead the field in radio harmonics as every model set is certified for tone realism by means of a new Stewart-Warner process.

The metal cabinets of the Stewart-Warner receivers are unsurpassed for beauty. It is difficult to realize that the cabinets are made of steel. The newly developed Stewart-Warner "moire" finish lends a wealth of rich, warm shaded bronze color with a texture like watered silk that makes this cabinet the center of attraction in any home.

With all its beauty and softness of texture this "moire" finish is durable almost beyond belief. Its flint-like hardness defies scratches and mars. A lifetime of ordinary use will find it as new and fresh as the day it left the factory and due to its extraordinary texture, finger-marks and dust are invisible.

Materialism Of Girls Causes Late Marriage

NEW YORK, Dec. 6.—Katherine A. Hungerford, Y. M. C. A. secretary after lengthy investigation announced in an article in the association's magazine that the trouble with marriage was the modern girl's materialistic outlook, which led her to seek financial security rather than to marry early.

Officer Risks Life To Save Babe's Doll

HARTFORD, Conn., Dec. 6.—At risk of his life, Police Sgt. Francis J. Gunsharon, rescued a big doll from a burning apartment house today. He found it in a crib over which he tumbled in a smoke filled room while he was looking for tenants.

When he reached the street he found it was a doll and handed it to its little owner.

'Group To Fight Fag Propaganda

NEW YORK, Dec. 6.—(U.P.)—Encouraged because cigarette manufacturers have urged that smoking will reduce the craving for sweets in women inclined to stoutness, a "national food products protective committee" was formed today to find means of offsetting the propaganda.

Greek Legion Members Visits National Post

INDIANAPOLIS, Ind., Dec. 6.—A journey of 15,000 miles to attend the recent San Antonio, Tex. national convention of the American Legion as a delegate and in the interest of obtaining a new post home, will have been the experience of Harry Maurelides, when he arrives at his home in Athens, Greece, late in November or the first of December. Maurelides, adjutant of the Athens post, stayed in Indianapolis to visit National headquarters.

Post Adjutant Maurelides said that he had eighteen days at sea on the way over. Difter fever caused them to dock at Athens to pick up a new crew.

Radio Chief In Address To L. A. Bankers' Group

Don E. Gilman, manager of the Pacific Division of the National Broadcasting company in San Francisco, recently addressed two prominent groups of business men the California Bankers' association and the California Press association.

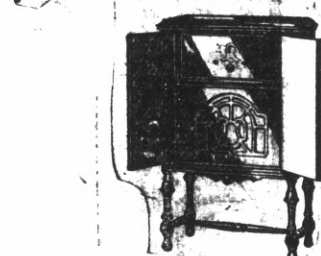

Before both groups, Gilman pointed out the growing importance of radio broadcasting to all divisions of business. He stressed the point that radio's cultural and entertainment influences made it an important factor to American business and in American life.

LYRIC SPEAKER GIVES TONE FIDELITY

Although the general creations developed by the radio industry have unquestionably won the favor of the American home, for the complete radio receiver with built-in speaker, as a beautiful piece of furniture there is, and will continue to be, a profitable market for the detached loud speaker.

This opinion was expressed by engineers and officials of the All-American Mohawk corporation, at the same time announcing a new Lyric product—a table speaker. One of the greatest strides made in radio in the past year has been the development of the speaker. Mechanical reproduction with the modern speaker is a thing of the past. Tone fidelity such as the most ardent enthusiast had hardly thought possible is actually here.

That there is a ready market for such a product as a table model speaker that actually does reproduce the human voice and the full musical range realistically is an assurance given by All-American Mohawk authorities. Table model receivers continue to absorb the majority of radio production. Despite the increasing popularity of the complete instrument there will continue to be a balance on the side of the former.

Not only will the production of table model receivers continue to stimulate the demand for high quality speakers, but many thousands of people now owning sets, once hearing these latest acoustical achievements will undoubtedly be found receptive sales possibilities. The new Lyric speaker recently introduced by the All-American Mohawk corporation will merit the investigation of both these classes who seek clear faithful reproduction. It is a fallacy, it is said, to suppose that the day of the loud speaker as a commercial enterprise is over.

The new Lyric speaker is housed in a conservative but attractive walnut cabinet of the cathedral design. A free edge cone is employed with a completely enclosed armature of the balanced type. In addition, a high frequency cut-off is included in its construction which eliminates, to an astonishing degree, all objectionable high frequency disturbances.

Adolph Winters, Eleven and Macdonald avenue, is Richmond representative for the Lyric radio.

Radio Inspector Test To Be Held By Government

The United States Civil Service commission announces the following open competitive examination: Applications for assistant radio inspector must be on file with the Civil Service commission at Washington, D. C. not later than Dec. 31.

The examination is to fill vacancies in the field service of the Department of Commerce throughout the United States, including Hawaii, Alaska and Porto Rico.

The entrance salary is \$2,400 a year. Higher-salaried positions are filled through promotion.

The duties are primarily to assist the radio inspector in the enforcement of the Radio Act. The assistant radio inspector will be required to inspect radio equipment on vessels and at land stations, which involves the carrying of 30 to 40 pounds of test and measuring instruments; to make frequency and field intensity measurements; to assist in the examination of radio operators, and to perform such office work as is required. The performance of these duties will involve traveling, for which necessary traveling expenses will be allowed.

Competitors will be rated on theoretical and practical questions on radio and electrical engineering, and on their education, training and experience.

Full information may be obtained from the United States Civil Service commission, Washington, D. C. or from the secretary of the United States Civil Service Board of Examiners at the post office or customhouse in any city.

New Memorial Park For Legion Post

Curfew Rings

JUST a few of the many youngsters picked up by Atlantic City, N. J., police in campaign to enforce curfew law.

RADIO 'CHAIN' BROADCASTS FORECAST

During the seven or eight years that have elapsed since the first great wave of radio popularity swept the country, the industry has continued to be one of many sharp contrasts.

Today we have a situation wherein some even hundred broadcasting stations are fighting to retain their government license and spending thousands of dollars in the effort to do so, yet at the same time certain advertising experts claim that radio has failed as an advertising medium.

By some it is suggested that the government take over the broadcasting function with a nominal tax on every receiving set to pay the costs, while others favor underwriting of the expense by manufacturers of radio apparatus. Trying to anticipate the future of radio is, therefore, a most uncertain task.

Chain Programs

The future trend, is undoubtedly one that leads to great "chain" circuits. Broadcasting is not properly a function of a manufacturer nor of the government. It is solely a showmanship proposition.

During this coming year one development in particular will have a profound influence on the future of radio. I refer to the marvelous improvements which have just recently been made in the quality of the reproduced speech or music. Without doubt many thousands of persons who have lacked interest in radio because of its characteristic "mechanical" sound will be won over to the art this year by reason of the well-nigh perfect tone quality of the better grade 1928 receiver.

Fixture in American Home

Regardless of changes of interesting contests which the future of radio may hold in store for the great listening public and the industry itself, one fact stands out today as it did eight years ago: radio is not only here to stay, but it is destined to become one of the most potent factors in the life of every man, woman and child in the world.

—RAGS WANTED—

BROADCAST OF OPERA ON PROGRAM

This week the second of the Philco Hour nationwide broadcast with originate from station WJZ, New York, according to T. Iversen, of the Iversen Phonograph Co., 327 Macdonald avenue, Richmond Philco dealers. Another of Victor Herbert's operettas "Naughtly Marietta," is to be produced.

This story originally was written by Rida Johnson Young. As one of Victor Herbert's operettas it appears in two acts and has its setting, New Orleans about 1750.

Etienne Grandet, the son of the governor of New Orleans and the beau of the town, is in reality Bras Pique, a pirate. Capt. Dick Warring, an American is in search of Bras Pique.

Among the Casquette girls shipped to New Orleans by the King of France is Marietta, who is in reality Confesse Daltena. In order to escape from landing, Marietta obtains employment in the "Marietta Theater." Later at the Creole Ball Marietta is stripped of her disguise and Captain Dick proposes marriage. At this time Etienne Grandet is recognized as Bras Pique, the pirate, and is arrested in the name of the King of France.

Legion Starts Bowling League

NO NEED FOR EYE GLASSES IN YEAR 2238

CHICAGO, Dec. 6.—(U.P.) All men were born equal in this land of liberty. It has been said—and the day will arrive it was added today when all will see a light, optically speaking, shutting spectacles to curio shops and exhibit walls.

These words coming from an optometrist attending the American Academy of Optometry caused much interest in view of the fact he predicted that in 300 or 400 years there would be little or no need for men of his profession.

Dr. C. C. Koch of Minneapolis, newly elected chairman of the Academy, said the day of universal normal vision will arrive when the eye, as the body already has done, will catch up with development of the age in which we live. "Living conditions become more and more artificial all the time," Dr. Koch said. "Our eyes haven't caught up with development like those other parts of the body. The human adapts itself to changing environment and conditions."

Legion Honors Sons Of Judge

CHICAGO, Ill., Dec. 6.—In commemoration of the loss of his two sons who died as the result of their wounds received in the air service during the World war, Judge Thomas Taylor of the Appellate court was recently presented with a silk American flag by members of Harold A. Taylor post No. 47, the American Legion.

THIS YEAR USE A RADIO To Say—

Stewart-Warner Table Model

Complete with tubes and
speaker **\$138.50**

MODEL 801 STEWART-WARNER A. C. Receiver, with built in power unit, light socket aerial and phonograph pickup receptacles. Seven receiving tubes, rectifying tube and push-pull power stage. Dimensions: Length 16 3/4 in., height 7 3/4 in., depth 10 3/8 in. **NEW AMAZING PERFORMANCE—New Compactness—New Beauty.** MODEL 801 STEWART-WARNER RADIO is a powerful, ultra-selective receiver that takes its power directly from any 110 volt alternating current light socket. Its small metal cabinet contains the chassis of the set, the power unit and a built-in light socket aerial, in one marvelously compact and ingenious electrical assembly.

For sheer beauty these new instruments are unsurpassed. The newly developed Stewart-Warner More finish lends a wealth of rich, warm, shaded-bronze color with a texture like watered silk, that makes them the center of attraction in any home.

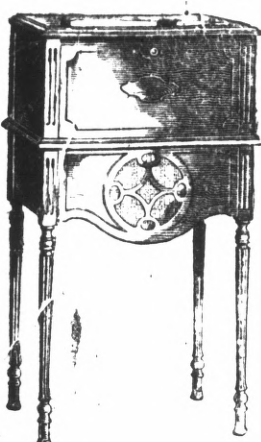

And no sets ever operated more easily—more magically—One control for tuning and one for volume. That's all. The gold plated, illuminated dial is calibrated in wave lengths—a very unusual feature, made possible only by the precision of

our coils and tuning condensers. The cabinet completely shields the electrical assembly and, in addition, the power unit is doubly shielded.

All models are equipped for attachment of standard electrical phonograph pickups—and give you recreation of record music, equal to any of the new type phonographs.

The tone is matchless, regardless of the price set you select for comparison. Full, round, startlingly life like and beautiful—it must be heard to be appreciated.

We assure you of the value represented, and in addition will make it possible for you to receive your set, with a small down payment and the balance on easy terms—Schrader's Courteous Credit.

Stewart-Warner Console Cabinet

Number two complete with tubes and Rola Dynamic Speaker.

\$219.00

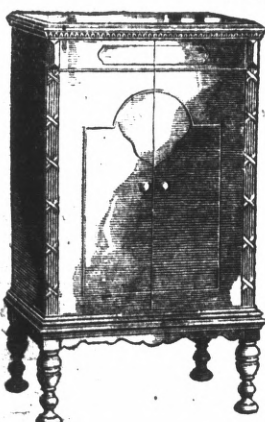

A console striking in simplicity of design. Constructed of selected walnut and fine American gum wood. The doors are of diamond matched walnut. The front apron is enhanced by an overlay of diamond matched satinwood. Extreme care has been given to the matching of the wood grains, and the entire case is beautifully high lighted and shaded. The final finish is of hand-rubbed lacquer. Antique brass hardware is used. Height 37 1/2 in., width 23 3/4 in., depth 14 3/4 in. It has the same radio chassis as model 801.

Stewart-Warner Console Cabinet

Number Three complete with tubes and Stewart-Warner Reproducer

\$230.00

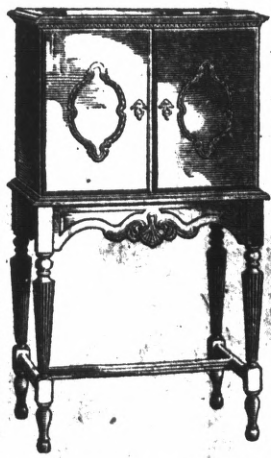

A de luxe cabinet of the style extensively used in new type phonographs. Made of carefully chosen walnut and American gum wood. Matched built-in walnut doors with diamond matched overlay. These doors open full three-quarters of a turn, and come to rest against the sides of the cabinet. Entire cabinet is richly lighted and finished in rubbed lacquer. The overall dimensions of the cabinet are: Height 39 in., width 21 3/4 in., depth 15 in. It has the same radio chassis as model 801.

Stewart-Warner Console Cabinet

Number Four complete with tubes and Rola Dynamic Speaker

\$241.00

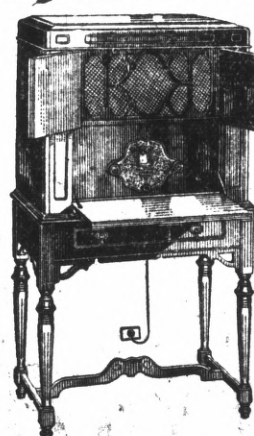

An exquisite console that finds a dominant place among the appointments of the most richly furnished home. Made of the finest walnut and American gum woods with carefully selected and matched grain. Matched built-in walnut doors, ornamented with carvings and antique brass hardware. Open full three-quarters of a turn, richly carved front apron, fluted legs, sturdily braced. Handsomely high lighted and finished in hand-rubbed lacquer. Height 49 in., width 26 3/4 in., depth 16 1/4 in. It has the same radio chassis as model 801.

FADA 31

Complete with Tubes and Built-in Speaker

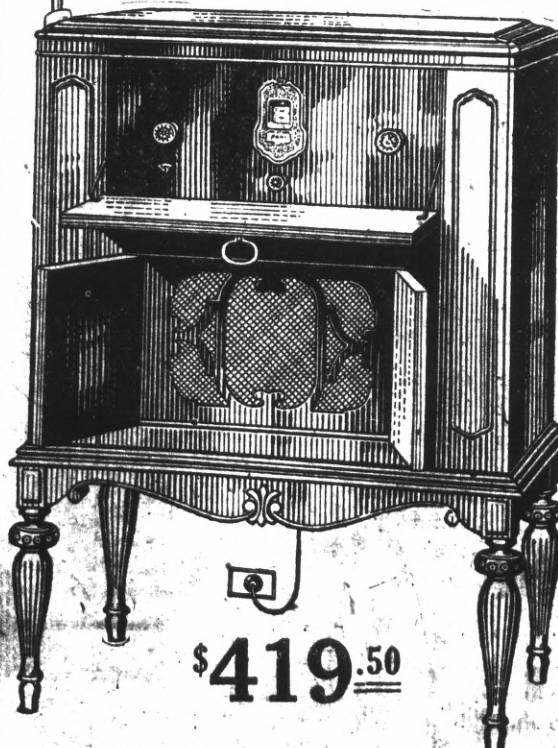

\$272.00

Same radio chassis as Fada 10. The beauty of his walnut console will enhance the beauty of your home. It is finished in two tones and has matched panels of burled walnut. Drop leaf and swinging doors enclose set completely when not in use. This receiver has in the upper compartment a built-in Fada 4 speaker. Length 21 in., depth 17 in., and height 50 in.

Super Dynamic FADA 70

The radio chassis of the Fada 70 is the same as FADA 50. The lower compartment in this beautiful console has a built-in Fada 14 dynamic power speaker unit. This receiver requires nothing but the addition of tubes for instant operation. The speaker is designed particularly to harmonize with the set, and in combination with the push-pull power amplifier audio system in the receiver, delivers enormous volume when desired which can be throttled down to a whisper without losing a single instrument or a single note in the orchestra. This receiver gives you the finest Harmonated Reception yet known with faithful and absolute reproduction (20 to 6000 cycles) and is equally as efficient at any volume you may desire.

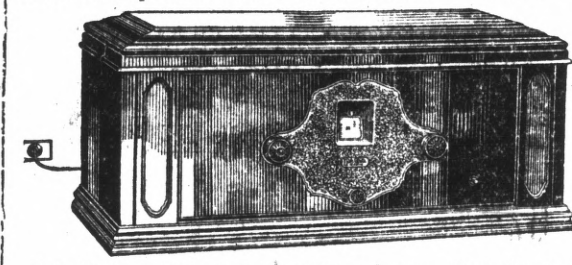

\$419.50

Complete with Tubes and Dynamic Speaker.

FADA 10

Table Model. Complete with tubes and speaker

\$174.50

Fada 10, A. C. Electric Table Model has seven tubes, five A. C. tubes, one power tube and one rectifying tube, single dial, illuminated station finder, antenna operation, rejector, phonograph attachment jacks and improved circuit and volume control. Velvet finish two-tone metal cabinet in gold and brown. Length 21 in., depth 12 in., and height 9 in. Fada's claim to fame ever has been superior tone quality. Reproduction of sound by Fada has always been so faithful that the result has long been known as "Harmonated Reception." The precise blending of Fada receiver and Fada speaker into one harmonious instrument is one of the factors in its "Harmonated Reception."

Precision in matching coils control is the result of precision in matching coils control that knows no compromise.

Absolute reliability is found in Fada radios. Reliability is the sum total of satisfactory tone quality by Fada engineers when they perfected an electrical circuit for use with heater element type (227) tubes. These tubes, when used in the Fada A. C. sets, operate at 20% less than their normal rated voltage, last many times longer than similar tubes used in other sets do not deteriorate with use, minimize power line hum, and are not subject to line voltage fluctuations.

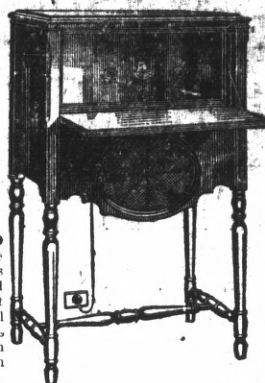

Fada's long distance reception is the result of a circuit design which is fundamentally correct. It is the result of radio engineering and manufacturing that count neither cost nor pains in the effort to turn out the best in radio and it is here that tests and inspection are doubly important. No change—no variation—no trusting to luck. Fada's remarkable sensitivity and distance.

FADA 30

Complete with Tubes and Built-in Speaker

\$224.50

Same radio chassis as Fada 10. Cabinet of walnut with the built-in Fada 4 Speaker. This receiver comprises both set and speaker is especially compact and convenient and we call your particular attention to the dimensions given below. Length 25 in., depth 16 in., and height 40 in.

Super Dynamic FADA 50

Complete with tubes and Fada Dynamic speaker

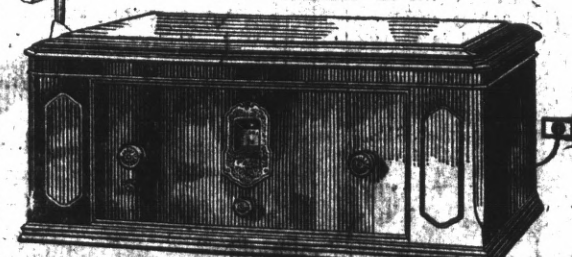

\$379.50

This powerful receiver enclosed in walnut uses six A. C. indirect heater element tubes and has a push-pull power amplifier using either two of the 171 or two of the 210 type power tubes and one rectifier tube. This set has an illuminated station finder, single dial control, automatic phonograph attachment jack, volume control, directly on the R. R. independent of the operation of the tubes. Loop or antenna operation as desired. Delivers power and quality undreamed of in the past.

\$379.50

LENGTH 27 IN., DEPTH, 17 IN., HEIGHT 12 IN.

Fada's Challenge

We claim and are ready to prove that the Fada "50" and "70" will show superior performance over any other standard make of radio receiver regardless of price.
